

Become a partner now!

We are looking for industry specialists, networkers and sales talents who will exclusively and profitably place our leading HSQE compliance management software on the market. As a sales partner, you benefit from our professional structures as you support your contacts in introducing innovative software solutions for holistic occupational health and safety.

Four steps to a partnership!

Eight good reasons to work together!

- ✓ Enormous growth potential in an unsaturated market
- ✓ Fair commission and remuneration models
- ✓ Long-term partnership on an equal footing
- ✓ Professional sales structures
- ✓ Ongoing support in your daily sales activities
- ✓ Personal contact person
- ✓ Individual training and project training
- ✓ Free marketing and sales materials

About domeba

domeba distribution GmbH is a full-service expert for compliance management solutions. The iManSys HSQE software solution supports companies in coping with their tasks in the areas of occupational safety, HR, health, quality and safety as well as environmental protection. The company was founded in 1998 by Dipl.-Ing. Matthias Domes. Around 50 employees currently work at the company's headquarters in Chemnitz.

About iManSys

The iManSys Software Suite include seven optimally coordinated software modules which can be individually combined with one another.

- ✓ Maintain legal databases, identify legislative changes, organise actions
- ✓ Instruct employees & train external company guests – personally, electronically, virtually
- ✓ Create competence profiles, maintain competence matrix and optimise personnel selection
- ✓ Organise and document obligatory, quotation and request provisions
- ✓ Set up risk management, create risk assessment, systematise incident management
- ✓ Organise competitions, prepare quizzes, create reward systems
- ✓ Set up hazardous substances roster, organise document management, ensure deadline monitoring
